

ocean management research network (OMRN) national conference
Canada's Oceans: Research, Management and the Human Dimension
October 25-27, 2002: University of Ottawa, Ottawa , Ontario

Program

Thursday, October 24, 2002

A workshop of the OMRN Integrated Management Node will be held on Thursday October 24, from 12 noon to 16:30 at the Quality Inn Hotel on Rideau Street. The workshop is open to all.

Friday, October 25, 2002

8:30-9:00 Registration (Alumni Auditorium, University Centre)

9:00-10:30 Plenary (Alumni Auditorium, University Centre)

Welcome and Introduction (Tony Charles)
Opening Remarks (Peter Harrison, Deputy Minister, DFO)
OMRN Overview and Update:

- National Secretariat (Tony Charles)
- Integrated Management Node (Fikret Berkes)
- Sustainability Node (Peter Sinclair)
- Science and Local Knowledge Node (Alison Gill)

Introduction of OMRN process to examine the state of research on human uses of Canada's oceans and coasts, to explore research priorities, and to develop an oceans research agenda.

10:30 – 11:00 Break

11:00-12:30 Thematic Roundtables

Concurrent roundtables will explore a range of topics and provide an opportunity for dialogue between researchers and research users.

- **Marine Protected Areas: The Challenges and Opportunities**
Chair: Doug Yurick, Parks Canada
- **Managing Traditional Ecological Knowledge**
Chair: Martin Weinstein, 'Nangis First Nation
- **Technological Forecasting and Ocean Innovation**
Chair: George Emery, National Research Council
- **Climate Change: Reducing Community Risk – The Need to Incorporate Climate Change Adaptation into Community Planning**
Chair: Eric Taylor, C-CIARN

12:30 – 1:30 Lunch

Working lunches are planned for those interested in the development of new OMRN nodes on (1) Ocean Governance and (2) Marine Protected Areas.

1:30-3:00 Paper sessions

Concurrent paper sessions on the following topics:

- Integrated Planning and Management (1) – Chair: Jim Wilson
- Marine Knowledge / TEK (1) – Chair: Alan Penn
- Offshore Oil and Gas – Chair: David VanderZwaag
- The Ocean Environment, Health and Food Security – Chair: Erin Rankin
- Ecosystem Approaches to Ocean Management (Sustainability-1) – Chair: Peter Sinclair

3:00-3:30 Break

3:30-5:30 Paper sessions

Concurrent paper sessions on the following topics:

- Marine Knowledge / TEK (2) – Chair: Evelyn Pinkerton
- Integrated Planning and Management (2) – Chair: Rod Dobell
- Fishery Management – Chair: Martin Weinstein
- Issues in Sustainable Ocean Use (Sustainability-2) – Chair: Peter Sinclair

(Dinner on own)

7:30-9:00 Public Panel discussion (Alumni Auditorium, University Centre)

People and the Sea: Understanding the Connections

This public session will be moderated by Paul Kennedy, host of CBC Radio's "Ideas" series (and notably the "Learning from the Oceans" broadcasts). Panelists will include Art Hanson (Canada's Oceans Ambassador and International Institute for Sustainable Development), Jose Kusugak (President, Inuit Tapiriit Kanatami), George Emery (National Research Council), Rosemary Ommen (University of Victoria and "Coasts under Stress") and Jake Rice (DFO Science Branch and ICES Chief Scientist).

Saturday, October 26, 2002

8:30-9:00 Registration (Montpetit Hall, Room MNT 203)

9:00-10:30 Plenary Panel Discussion (Montpetit Hall, Room MNT 203)

Canada's Ocean Strategy and the Policy and Operational Framework: Working towards tomorrow

Chair: Dan Lane, University of Ottawa

Chrystia Chudczak, Director of DFO's Oceans Policy and Integrated Management Branch, will introduce Canada's Ocean Strategy and the associated Policy and Operational Framework. Jon Lien, Chair of the Minister's Advisory Council on Oceans, will discuss COS-related opportunities and challenges, and recent MACO public fora on COS.

Representatives of the three current OMRN nodes will examine COS and its implementation in relation to the role of research on Canada's coasts and oceans. Speakers: Richard Haedrich (Memorial University of Newfoundland & Science and Local Knowledge Node), Parzival Copes (Simon Fraser University & Sustainability Node), Rob Huebert (University of Calgary & Integrated Management Node).

10:30 – 11:00 Break

11:00-12:30 Plenary Roundtable (Montpetit Hall, Room MNT 203)

A Research Agenda for Tomorrow: What should it look like?

Chair: Michael Butler, ACZISC and OMRN

A forum for presenting and discussing the research priorities and research needs of aboriginal, industry, coastal community, government and NGO representatives in the context of the OMRN. Open discussion to follow.

12:30 – 1:30 Lunch (*Le Rendez-vous Restaurant, University Centre*) – Speaker: Jon Lien, MACO

1:30-3:00 Paper sessions

Concurrent paper sessions on the following topics:

- Resilience and Adaptive Management – Chair: Craig Millar
- Community and Regional Management – Chair: Ralph Matthews
- Scientific Tools for Ocean Management – Chair: Patricia Gallagher
- Aquaculture – Chair: Alison Gill
- Fishery Management and Co-management (Sustainability-3) – Chair: Peter Sinclair

3:00-3:30 Break

3:30-5:30 Paper sessions

Concurrent paper sessions on the following topics:

- Marine Protected Areas – Chair: Philip Dearden
- Stakeholders, Communities and Learning – Chair: Rosemary Ommer
- Ecosystem-Based Management – Chair: Dan Lane
- Ocean Regulation and Rights – Chair: Michael Butler

5:30-7:00 Reception / Poster session

A time to meet and network on an informal basis, and to engage in discussions directly with researchers presenting posters at the conference.

(Dinner on own)

Sunday, October 27, 2002

9:00-9:30 Plenary Presentation (Montpetit Hall, Room MNT 203)

Chair: Tony Charles, OMRN

Art Hanson, Canada's Oceans Ambassador, will give a personal assessment of the conference, the ideas discussed, the research results presented, and messages for the future direction of the OMRN and of research on Canada's oceans. This presentation will lead directly to the open plenary discussion below.

9:30-11:30 Plenary Discussion (Montpetit Hall, Room MNT 203)

Chair: Tony Charles, OMRN

Next steps: The OMRN, future plans and an oceans research agenda

An open discussion to explore “ next steps” on two themes: (1) a research agenda on human uses of Canada’s oceans (challenges, opportunities, and priorities), and (2) ideas for the OMRN, plans for the future, the 2003 conference, and how the network can best meet participants’ needs. As a contribution to the discussion, Rod Dobell (Maritime Awards Society of Canada) will review plans for developing an OMRN synthesis paper dealing with these themes, and progress to date.

11:30 Conference Closing

12:00-2:00 OMRN Network Committee post-conference meeting

An OMRN Network Committee business meeting will follow up on conference outcomes and plan future activities.

summary of paper and poster sessions

Paper Sessions: Friday October 25: 1:30-3:00

- Integrated Planning and Management (1) – Chair: Jim Wilson
- Marine Knowledge / TEK (1) – Chair: Alan Penn
- Offshore Oil and Gas – Chair: David VanderZwaag
- The Ocean Environment, Health and Food Security – Chair: Erin Rankin
- Ecosystem Approaches to Ocean Management (Sustainability-1)
Chair: Peter Sinclair

Paper Sessions: Friday October 25: 3:30-5:30

- Marine Knowledge / TEK (2) – Chair: Evelyn Pinkerton
- Integrated Planning and Management (2) – Chair: Rod Dobell
- Fishery Management – Chair: Martin Weinstein
- Issues in Sustainable Ocean Use (Sustainability-2) – Chair: Peter Sinclair

Paper Sessions: Saturday October 26: 1:30-3:00

- Resilience and Adaptive Management – Chair: Craig Millar
- Community and Regional Management – Chair: Ralph Matthews
- Scientific Tools for Ocean Management – Chair: Patricia Gallagher
- Aquaculture – Chair: Alison Gill
- Fishery Management and Co-management (Sustainability-3) – Chair: Peter Sinclair

Paper Sessions: Saturday October 26: 3:30-5:30

- Marine Protected Areas – Chair: Philip Dearden
- Stakeholders, Communities and Learning – Chair: Rosemary Ommer
- Ecosystem-Based Management – Chair: Dan Lane
- Ocean Regulation and Rights – Chair: Michael Butler

Poster Session: Saturday October 26: 5:30-7:00

PAPER AND POSTER SESSIONS

PAPER SESSIONS: FRIDAY 1:30-3:00

Integrated Planning and Management (1) – Chair: Jim Wilson

Bauer, Brenda

Linking Integrated Management Theory with Practice in the Pacific: The Central Coast Integrated Management Initiative

Rigg, Catherine

Salt in the Earth: Linking Marine and Terrestrial Conservation Initiatives in Island Communities on Haida Gwaii/Queen Charlotte Islands

Deacoff, Cameron J.

Managing the Cumulative Effects of Physical Alterations to the Halifax Harbour Environment

Marine Knowledge / TEK (1) – Chair: Alan Penn

Vodden, Kelly and Berry, Michael

"Seeing the World Through Our Eyes": Strategies and Tools for Incorporating Community and Local Knowledge in Responsible Coastal Planning

Cheeseman, Jackie

Using Local Ecological Knowledge (LEK) as a Tool for Measuring Population Changes

Parlee, Brenda and Kendrick, Anne

Community-Based Indicators and Monitoring: The Value of Local and Traditional Knowledge

Offshore Oil and Gas – Chair: David VanderZwaag

MacIsaac, Lucia and Shrimpton, Mark

Offshore Petroleum Exploration Rights Issuance in Cape Breton Island and Newfoundland

House, Douglas

Oil and Gas Developments off Canada's Coastal Provinces: Retrospect and Prospect

Muir, Magdalena A.K.

Reconciling Economic Development and Marine Conservation and Protection, Focusing on Offshore Hydrocarbon Activities, Shipping and Navigation

The Ocean Environment, Health and Food Security – Chair: Erin Rankin

Myers, Heather; Berkes, Mina Kislalioglu; Fast, Helen and Berkes, Fikret
Feeding the Family in Times of Change

Bird, Ranjana P. and Bird, Glen A.
Biomarkers of Human Health

Thompson, Shirley; Blakney, Sherrie and Berkes, Fikret
At-risk Communities and Environmental Hazards: Environmental Justice in Canada's
Ocean Strategy

Ecosystem Approaches to Ocean Management (Sustainability-1) – Chair: Peter
Sinclair

LeDrew, Steve
Ecosystem-Based Fisheries Management: Critical Issues and Prospects for Social Science

Jiao, Yan; Chen, Yong and Wroblewski, Joe
Uncertainty associated with F(0.1) biological reference point for the Atlantic Cod (*Gadus
morhua*) Fisheries in Division 2J3KL

Montevecchi, W.A.; Davoren, G.K.; Stenhouse, I.J.; Burke, C. and Hedd, A.
Learning from Avian Predators - Natural Assays of Fish Stock and Ecosystem Conditions

PAPER SESSIONS: FRIDAY 3:30-5:30

Marine Knowledge / TEK (2) – Chair: Evelyn Pinkerton

Sloan, Norm A.
Gwaii Haanas' Role in Gathering Regional Marine Knowledge

Manseau, Micheline and Parlee, Brenda
Traditional Ecological Knowledge and the Management of Natural Resources: Case
Studies from Northern Canada

Paul, Kenneth D.
The Need for Ethical Guidelines and Policy for Protecting Indigenous Property in
Traditional Ecological Knowledge Research

Good Ocean Governance Means Managing our Knowledge Better

Integrated Planning and Management (2) – Chair: Rod Dobell

Alder, Jackie

Regional Marine Plans - Sinking or Swimming Australia's Ocean Policy: Lessons for Canada

Gill, Alison

The Challenges of Integrating Coastal and Marine Tourism into Coastal Zone Management

Rutherford, R.; Duggan, D.; Fenton, D.; Herbert, G.; Coffen-Smout, S. and Macnab, P.
